

9th Annual

Illinois "Kid" Wrestling Federation STATE FINALS

**Joliet Central H.S.
Joliet, Illinois**

**March 16-17, 1979
Program \$1.00**

Welcome To The 9th Annual Kid Wrestling State Finals.

342 wrestlers will be competing for their ultimate goal, a State Championship. More than 5,000 boys participated in our Federation through out the year and qualify for the State Finals thru Districts, and Sectional competition.

I want to extend a "special thanks" to the dedicated officers listed below who represent the main components of our Federation; and also the numerous people throughout the State who have contributed to the growth and success of our program.

"Fun and Fundamentals" is our motto which has been handed down to us by our former presidents: Ron Silverstein, Arch Richoz, and Larry Stonitsch. If we always abide by this motto, I'm confident our program will always prosper; not only in quantity but in quality.

Good luck and God bless all of you,

Joseph M. Tholl Jr.

The Wrestling Coach's Creed

*Because the chief objective of a young man in school
is to prepare himself for his adult life,
and because as a coach I am able to generate
considerable influence on impressionable participants . . .*

*I WILL REMEMBER ALWAYS
that wrestling is a challenging means of developing skill and discipline
but it is not greater than, only a part of,
the young man and his educational maturing process.*

*Because a wrestler's health and well-being are primary concerns,
and because the young man and his parents, along with the community
have placed their confidence and trust in me and in the school . . .*

*I WILL REMEMBER ALWAYS
that the level of physical fitness and the pitch of mental attitude
are matters related to a competitor's lifetime needs:
and, therefore, more important than his or my personal ambitions.*

*Because sportsmanship always rates priority over winning,
and because losing is a lesson which must be learned early in life . . .*

*I WILL REMEMBER ALWAYS
that fair play, moral obligation and ethics are part of winning and losing,
that graciousness and humility should always characterize a winner
and that pride and honor do not desert a good loser.*

SUMMARY OF RULES

OVERTIME MATCHES. Overtime matches will be conducted as provided in the Rules except that if there is a tie in points at the end of the overtime period, the referee will render the final decision, except in the championship bouts. In all the championship bouts, the referee will be assisted by a jury of officials. Furthermore, all points won, and penalties and warnings awarded, during the regulation three periods shall be carried over into the overtime period.

CRITERIA IN AWARDING REFEREE'S DECISION

The following criteria shall be used in order to determine winners in unresolved **overtime matches** in which the Referee is required to make a decision:

The defending state champion must be actually defeated before he can lose a Referee's Decision. In other words, Referee's Decisions go to the champion—provided he is wrestling in the same weight class for which he is the defending state champion and he has not been warned or penalized for stalling or abusive and unsportsmanlike conduct. If this is the case, the regular criteria will be followed.

- (a) **Near Falls:** The wrestler who has accumulated the greater number of points for near falls shall be declared the winner. (If the above has produced equal points for each wrestler, the wrestler with the greatest number of three-point near falls shall be declared the winner.)
- (b) **Stalling:** If a tie remains, the wrestler whose opponent has been penalized for stalling shall be declared the winner. (If each wrestler has been penalized for stalling, the wrestler with the greater number of penalties shall lose.)
- (c) **Warned for Stalling:** If a tie remains, the wrestler whose opponent has been warned for stalling shall be declared the winner.
- (d) **Takedowns:** If a tie remains, the wrestler with the greater number of takedowns shall be declared the winner.
- (e) **Reversals:** If a tie remains, the wrestler with the greater number of reversals shall be declared the winner.
- (f) **Escapes:** If a tie remains, the wrestler with the greater number of escapes shall be declared the winner.
- (g) If a tie remains, the Referee shall award the match to the opponent of the wrestler who has been penalized for a technical violation which has prevented his opponent from scoring, such as inter-locking around body or legs, grasping clothing, or going off mat.

- (h) If a tie remains, the opponent of the wrestler who has been penalized for misconduct, abusive or unsportsmanlike conduct shall be declared the winner.
- (i) If a tie remains, the Referee shall determine the winner by reapplying the above criteria to competition during the overtime only.
- (j) If a tie remains, the wrestler scoring the first activity point(s) in the first period of the overtime match shall be declared the winner.
- (k) If a tie remains, the wrestler scoring the first activity point(s) in the first period of the regulation match shall be declared the winner.
- (l) If none of the foregoing resolves the tie, the Referee shall determine the winner on the basis of overall wrestling ability, including aggressiveness. (The criteria for determining superior wrestling ability are attempts to secure falls, takedowns, reversals and escapes.)

CONSOLATION MATCHES. 3rd, 4th, 5th and 6th place winners will be determined by wrestling back. Wrestlers defeated by winners of semifinal matches wrestle in the consolation bracket.

TIMEOUT. A total of three minutes is allowed during the progress of each match to care for injuries. No rest period is allowed for fatigue or for any other reason except as provided between bouts. In the event of bleeding, there will be no timeout limit to care for the injury.

PENALTIES. Wrestlers shall be penalized and/or warned for technical violations, misconduct and/or abusive or unsportsmanlike conduct. Penalties and warnings are cumulative throughout the match. For an illegal hold, technical violation, stalling or unnecessary roughness, the first penalty is 1 point, the second 1 point, the third 2 points and the fourth results in disqualification. Misconduct shall be penalized by awarding the opponent 1 point. Abusive or unsportsmanlike conduct at the first offense carries a penalty of 1 point and at the second offense carries the penalty of removal from the premises.

BOUT SCORING SYSTEM. Referee will award points in an individual bout on the basis of:

- | | | |
|--------------------|--------------------|-----------|
| a. Near-Fall | (for five seconds) | .3 points |
| b. Near-Fall | | 2 points |
| c. Takedown | | 2 points |
| d. Reversal..... | | 2 points |
| e. Escape..... | | 1 point |
| f. Penalty | | by Rule |
