AMERICAN INFOWELL RESEARCH FOR THE YOUNG WRESTLER

Protein

Loser Loser Bout 30

Many young wrestlers are preoccupied with "making weight." To better understand the ramifications of this practice, American Infowell, directed by Peter Galea, will be conducting a study on our boys at the State Tournament.

Galea, a former All-American Wrestler from Iowa State Tournment, holds a master's degree in exercise physiology. He works with USA Wrestling Teams, NCAA Champions, High School State Champions, and over 4,000 other wrestlers regarding body composition analysis and performance.

The study will consist of the following:

Prelim Loser to Winner Bout 20

1st Round Loser to Winner Bout 20

Bout 24

Joliet Boys' Club

Joliet Boys' Club

New Lenox Oakview

Bill Klotz

1976 Bob Mansell

- 1. Recording weights of all wrestlers each day of the State Finals Competition.
- 2. Recording skinfolds of the 76 semifinalists.
- 3. Looking at weight gains of the 76 semifinalists on the last day of competition.
- 4. Calculating levels of rehydration as suggested by weight gain on the last day.
- 5. Examining hydration and percentage of body fat and making some inferences regarding weight cutting in the IKWF.

The IKWF wrestlers, parents, and coaches will all benefit from this study provided by American Infowell.

*Peter Galea is also director of "American Wrestling Camp" held at Lake Forest College. For information please call 312-822-9355.
